WORK EXPERIENCE

Portola Dining Commons   **April 2024 – June, 2024**
Student Worker   *Goleta, CA*
- Maintained the cleanliness of dishes, pots, or the workspace.
- Easily adjusted to any tasks given by the manager and was able to quickly learn new tasks given.
- Collaborated with staff to efficiently operate all jobs and helped efficiently train 4 new employees.
- Adapted to a high pressure situation during a special lunch service where the dishwasher broke, would efficiently and independently dispose of paper dishes to maintain cleanliness and a seamless customer experience.

PROJECTS

Image Translator App (https://github.com/Makkerel/Python-Tesseract-Test)
- Built a desktop python app with **Tkinter** and **Tesseract** OCR engine that streamlined translation of text in images.

Text Editor (https://github.com/Makkerel/BasicTextEditor)
- Used C++ and **wxWidgets** Library to create a simple text editor desktop app.
